

The Sethi Partnership Solicitors supported those in need on Monday 16th May when a team of 12 participated in the 10km walk through central London and managed to successfully raise much needed funds for charities that provide life changing legal advice and representation to those in need.

The recession has increased poverty and reduced support services. Meanwhile, funding for the advice centres has reduced; particularly since the 2013 removal of much of legal aid for humanitarian or social welfare legal advice. So charity and philanthropy have increased in importance for supporting those in need. The London Legal Walk raises essential funds to aid that cause and The Sethi Partnership Solicitors were proud to be a part of the walk with 10,000 others raising over £500.
